

Burma in Revolt: Opium and Insurgency since 1948

In 1948 Burma was a promising young democracy with a bustling free market economy and a standard of living that surpassed nearly all of its other Asian neighbours. Fifty years later, Burma is one of the poorest nations in the world, with a military dictatorship in Rangoon and 50,000 armed rebels from a myriad of ethnic insurgency groups. In this well documented and detailed account, well-known Burma journalist Bertil Lintner explains the nexus between Burmas booming drug production and its insurgency and counter-insurgency, providing an answer to the question of why Burma has been unable to shake off thirty-five years of military rule and build a modern, democratic society. Lintners lively account is interspersed with numerous anecdotes gleaned from personal research and interviews. Individuals are given features and personality in the complicated jigsaw of Burmas modern history. Beginning with the shock of Aung Sans murder in 1947, Lintner retraces events from the 1920s that led to this disastrous event and continues his narrative up to the present, navigating the reader through webs of intrigue involving power, politics and drugs. Key players are the Rangoon government, the ethnic resistance, the Communists, the Kuomintang, and the US government. This revised and updated edition includes five extensive appendixes for serious readers and Burma scholars alike: a list of acronyms, a chronology of events, a whos who of important figures in Burmas insurgency, an annotated list of rebel armies, and biographical sketches of the Thirty Comrades. Bertil Lintner, one of Burmas (Myanmars) closest and most incisive observers, has written an important book. It is more than a study of the drug trade and the minority rebellions. It is in a sense a history of Burma since independence. No one concerned with Burma, with Southeast Asia, or with

international narcotics affairs can neglect this work. David I. Steinberg, Georgetown University About the Author Bertil Lintner, a journalist and author based in northern Thailand, has covered the Golden Triangle drug trade for more than two decades.
