

## Heinemann Advanced History: England in Crisis 1640-60

A study of England between 1640 and 1660 for AS and A Level History students. It is designed to fulfil the AS and A Level specifications in place from September 2000. The AS section deals with narrative and explanation of the topic. There are extra notes, biography boxes and definitions in the margin, and summary boxes to help students assimilate the information. The A2 section reflects the different demands of the higher level examination by concentrating on analysis and historians interpretations of the material covered in the AS section. There are practice questions and hints and tips on what makes a good answer.
