

A Model Constitution for Scotland: Making Democracy Work in an Independent State

A Model Constitution for Scotland sets out a workable model for Scotland's future and includes detailed constitutional proposals and informed discussion on the topic. The independence debate has to break out of political elites and address the after independence question. Elliot Bulmer's book is an important contribution to this exploring how we make Scotland constitutionally literate, and how we shape our politics in a way which reflects who we are and what we aspire to be. Bulmer rightly argues that independence has to aspire to more than abolishing reserved powers, Holyrood becoming a mini-Westminster, and nothing else changing. A must read for independentistas, thoughtful unionists and democrats. Gerry Hassan, author and broadcaster.

BACK COVER: Scotland is a free, sovereign and independent commonwealth. Its form of government is a parliamentary democracy based upon the sovereignty of the people, social justice, solidarity, and respect for human rights...The constitutional debate in Scotland has, until now, focused primarily on the relationship between Scotland and the rest of the United Kingdom. This treatise goes beyond the sterile arguments of nationalists and unionists to envision a new and more democratic political system constructed in an independent state. W. Elliot Bulmer

A Model Constitution for Scotland sets out a workable model for Scotland's future and includes detailed constitutional proposals and informed discussion on the topic.
