

The Brotherhood & Blue Venom

This book is a chronology of my 31 years as a trooper with the Michigan State Police. It contains a blow by blow rendition of continued police commander misuse and abuse of power. This book is a chronology of commander misconduct and persecution which continued for the totality of my career. You will read about how I made them pay for their transgressions. This vengeful and hateful behavior by the police commanders is intertwined with some of the most bizarre events and circumstances you could imagine. This book will take you inside the cop shop. It will take you behind the scenes and you will become enlightened to some of the strangest happenings that could ever occur there. You will also meet some of the most interesting characters within the police community. This book will give you a better understanding of why sometimes crimes go unsolved or why sometimes it takes forever for a criminal to be brought to justice. In reading this book, you will sometimes wonder how there would ever be any time left for crime investigation with all else that is going on within the department. It will give an understanding of what type of person becomes a police officer. The book is serious, sad and comical all wrapped up in one package. You will walk and sometimes run along side me through my career while I describe in detail the battles I encountered.
