

All the Governors Men: A Mountain Brook Novel (Story River Books)

It's the summer of George Wallace's last run for governor of Alabama in 1982, and the state is at a crossroads. In Katherine Clark's *All the Governors Men*, a political comedy of manners that reimagines Wallace's last campaign, voters face a clear choice between the infamous segregationist, now a crippled old man in a wheelchair, and his primary opponent, Aaron Osgood, a progressive young candidate poised to liberate the state from its George Wallace-poisoned past. Daniel Dobbs, a twenty-one-year-old Harvard graduate and South Alabama native, is one of many young people who have joined the campaign representing hope and change for a downtrodden Alabama. A political animal himself, Daniel possesses so much charm and charisma that he was nicknamed the Governor in college. Now he is engaged in the struggle to conquer once and for all the malignant man Alabamians have traditionally called the Governor. This historic election isn't the only thing Daniel wants to win. During his senior year, he fell in love with a freshman girl from Mountain Brook, the Tiny Kingdom of wealth and privilege, a world apart from his own Alabama origins. A small-town country boy, Daniel desperately wants to gain the favor of his girlfriend's family along with her mentor, the larger-than-life English teacher Norman Laney. Daniel also wants to keep one or two ex-girlfriends firmly out of the picture. In the course of his summer, he must untangle his complicated personal life, satisfy the middle-class dreams of his parents for their Harvard-educated son, decide whether to enter law school or launch his own political career, and, incidentally, help his candidate defeat George Wallace, in a close and increasingly dirty race. *All the Governors Men* is a darkly comic look at both the political process in general and a significant political chapter in Alabama history. This second novel in Katherine

Clarks Mountain Brook series depicts the social and political landscape of an Alabama world that is at once a place like no other and at the same time, a place like all others.
