

Waiting to Die: Life on Death Row

Written by an inmate condemned to Arizona's death row, this unique work describes in powerful detail the challenging realities for prisoners sentenced to die for their crimes. Through a disturbing narrative and rare glimpses into execution regulations, including prison forms and documents, this account reveals the core issues of one of the most controversial and enduring social issues in America today. Examining the rules that govern every aspect of death row inmates' life, this volume describes a world of horrendous medical neglect, dangerous and taxing work on chain gangs, inadequate food, and unrelenting psychological abuse by the prison authorities. A precise and sinister tale, it explores the world of more than 3,500 condemned men and women who will die through lethal injection or a gas chamber.
